COMMERCIAL PROPERTY EXPERTS

24 Hr Emergency Response Specialists

Star Construction specializes in commercial catastrophe restoration and recovery. A full service nationwide emergency response team ready to assess fire, wind, water, storm and hurricane damages. We take pride in a commitment to quality, superior performance and safety standards.

We work with your insurance carrier

Our consulting specialist works directly with your insurance company and adjusters to bring the most efficient and timely results for our clients. Our goal is to ease your stress in times of emergency and disaster loss as your first point of contact. By utilizing the same estimating system as your insurance carrier, we can minimize your expenses and expedite completion of repairs.

Our Professional Guarantee

Our extensive background, professional experts and quality performance, certifies our guarantee to your complete satisfaction. We pride ourselves in thoroughly assessing all damages and implementing an effective plan of action to ensure our client's best interest. Our back to business guarantee stands by you every step of the way.
